

Registration for child care during distance learning

School operation on a rotating schedule starting from February 22, 2021 is the school's contribution to containing the pandemic by consistently reducing contacts. Therefore, the possibility of home care must be considered carefully before registering. The care offer is only valid for grades 1 to 6 of all school types. For pupils with a need for special educational support in special needs schools or inclusive schooling facilities (e.g. in the areas of mental, physical or motor development), care and supervision must also be provided in older age groups in agreement with their parents or legal guardians. The care offer for all pupils spans regular teaching times or all-day / care periods, if necessary also regardless of a care contract. For individual arrangements, please contact the school.

I hereby confirm that

surname, first name		
address		
phone		
email address		

my child

surname, first name	
date of birth	
class / form	

will need care on the following days during the suspension of classes (from February 22, 2021, until, initially, March 5, 2021):

days Please enter the days / the period of the required care here (Monday-Friday, no care offered on the weekend)	time

An employer's confirmation is not required.

Declaration:

We declare that we need our child to be looked after on the days mentioned above.

We accept that usual catering may be replaced, e.g. by packed lunches, notwithstanding regular care periods.
