Before entering the school, i.e. already at home, it must be clarified that the students do not show any symptoms of COVID-19. If there are symptoms, medical clarification is paramount and the school is not to be entered.

- Child suffers from sniffling, sneezing, and a runny nose; no further symptoms
  - Child stays at home for 24-hour observation
    - The school needs to be informed!

- No additional symptoms such as fever or cough after 24 hours
  - Additional symptoms after 24 hours
    - Your child shows one or more of these symptoms:
      - Dry cough, fever, shortness of breath, loss of smell or taste, symptoms indicating a cold including a runny nose with a sore throat or headache and body aches, general weakness
        - The school needs to be informed!

- You decide whether a doctor’s visit is necessary!

  - No
    - School attendance possible
  - Yes
    - Contact your GP or pediatrician by phone or dial the number of the medical on-call service 116 117
      - The doctor decides on the necessity of testing for COVID-19.

- If the test result is positive, your child must stay at home. Please follow the instructions of the public health department in charge.
  - If no test is necessary: follow the doctor’s instruction.
  - If no test is necessary: follow the doctor’s instruction.

You need no further doctor’s certificate to go to school again. These regulations do not apply to non-infectious chronic diseases such as asthma, allergies, hay fever or neurodermatitis that are diagnosed or, in individual cases, known to parents or school.
